1st February 1951

Dear nephews,

We received your letter dated 20th January 1951, containing the address of Rasim Beshi we are glad to know that you are all right.

The letter we sent through the channel you mentioned us, has been sent with purpose. This one we will receive too in the same way. It is the safest way to convince both of us.

We are glad to know you are among our friends and want always our contacts to be effectuated through our first friend. You must remain where you are and we through our friends will send you all you have requested in your letters. In case of a discovery by the people of the country, you must surrender in a regular and normal way letting them to know immediately that you belong to the Committee and give our names and addresses in Rome.

Write to us more often and don't worry about anything because we won't let you down and will take care of all your needs.

We will soon send you someone with all instructions.

Yours

Gago Gogh

Asllan Zejnelli

1st January 1951

I received your letter dated 24.XII.1950 and was very glad to hear you were well. I am in good health up to now.

I understood perfectly what you wrote to me and was very glad to hear that you and Halil and Ramdan were well. I received letters from Halil and Ramadan from Germany. Halil sent me a costume and other clothes.

Dear uncle, all your relatives are well and you must not worry about them. All your family is home, the children are all right, they have worked and thus insured their food till next summer. The other things have been taken by Enver Hoxha's Government but they work and insure their life till the time you asked.

My former letter was to get you ideas and orders but having decided and previewed everything the children, united with the Albanian people against Enver Hoxha.

In case you write to Halil and Ramadan send them my best regards as well as Hasan and Hysen.

I received one of your photos with your letter but I would have liked to see your handwriting at the back to see how you learnt to write and see your handwriting which I know. As you see I have learnt well too, during the Yugoslav Socialist Government who gave all the people liberty and independence.

I sent the letters to whom it concerned. They thank you and will write.

Ramdan Voka and many others are here with me in Prizren.

I have no more to write. I send you my best regards as well as to Hasan, Hussein and all your friends; best regards to Halil and Ramadan. Send us news of Bajram Ragip because his family and friends are all at home.

Your nephew

PYSSEN. NERGUTI (signed)

Dear Uncle, I am sending you all the best regards of my friends who are with me Ramadan, the brother, Hysen Muja, and all the others, specially Ahmet Nika.

4.I.1951

Dear Gago and Asllan,

We received your letter sent by our friends. We agree on all points mentioned. We are in the same place where we landed and will remain here till death. Our first letter was desperate so that you would interfere next to our friends who dispose the means or send absolutely someone. Be careful because the principal camps are very protected and guarded at night. Our finances are very bad. "20" equals to a quintal of maize, altogether we have "30". No clothes and equipment. All have been caught in the backyard of a house. We need money and expenses for the men who come and go. Don't send people with false money as the one they gave us in order not to harm our liaison people. The money we have is out of use. On account of that money have been caught many people, not from our region but from others.

For whatever you need address yourselves to Adem Rushiti, Sulejman Hysen, Veli or Gani or Destan Sula of Kukes. I have got in touch with my brother he has 20 young people ready. I have given the order for them to remain till the adequate moment when your instructions will arrive. Send absolutely what we mentioned above.

Riza Mjekra has been killed as well as many others from his region.

Awaiting and hoping you will do the necessary steps for what we need. Send your letters to this address or to that you have sent. If men send them to the man who first wrote you. Let us know about everything. Is Bajram free? His brothers are all home.

Yours

(H.N.) (R.C.)

Dear Sinan,

We have been very glad to hear from our nephews.

We are sure you will take care of them as if they were your own sons.

For the time being we can't come over to see them, as the climate is too cold and keeps us from moving. However, if you can shelter them among some or four friends who will take care of them till February we think they would be better there than where they are. By that time we shall be able to come and see them. Naturally we can't fix since now, the date of our departure or the place where we will arrive. About this we will write in our next letter. You must tell them we are constantly thinking of them and that we wish to know their new address when they will move.

All our friends send them their best regards and wish them to go on with their studies as they have been counselled. The path may be hard but they must not give up.

Be our interpret and tell them that we are doing all the necessary to meet them soon.

If you see them let them read our letter.

We count on you to give them your paternal backing.

Your Friends
